

QUALITY TEACHING STAFF
Specialist Education Recruitment

Child Protection Policy

Quality Teaching Staff are committed to safeguarding and promoting the welfare of children and young people and expects all staff and all candidates on its register to share this commitment and to be fully aware of the importance of child protection. All children deserve the opportunity to achieve their full potential. Five areas have been highlighted within the Every Child Matters agenda as being vital to children's and young people's wellbeing to be addressed by school:

- Stay safe
- Be healthy
- Enjoy and achieve
- Make a positive contribution
- Achieve economic wellbeing

To achieve this, children need to feel supported and valued by a network of reliable professionals. Quality Teaching Staff policies and procedures adhere to the current legislation as defined in the Children Act 1989 and 2004 and the guidance given by the Government in the report "Safeguarding Children and Safer Recruitment in Education". Everyone in the education service shares an objective to help keep children and young people safe by contributing to:

- Providing a safe environment for them to learn in education settings
- Identifying children and young people who are suffering or likely to suffer significant harm and taking appropriate action with the aim of making sure they are kept safe both at home and in the education setting.
